# ABOUT US

A Brief Story About The Company

Lift and Shift Trucking (Z) Ltd is a Zambian transportation company focused on the movement of bulk and bagged cargo across Zambia.

Our business is built around providing dependable transportation solutions for organisations that require their commodities, materials and products to move safely and efficiently from origin to destination.

From agricultural commodities and industrial products to construction materials and other bulk or bagged cargo, we understand the importance of reliable transportation in keeping supply chains moving.

# OUR POSITIONING

Bulk and bagged transportation requires more than simply having trucks available.

**It requires:**

- Proper planning
- Reliable equipment
- Responsible drivers
- Efficient loading and unloading
- Cargo protection
- Route planning
- Communication
- Delivery coordination

At Lift and Shift, we aim to bring these elements together to provide a dependable transportation experience for our clients.

# OUR SERVICES

## BULK COPPER TRANSPORT

Transportation of bulk copper cathode and materials between suppliers, processing facilities, warehouses and destinations.

## BAGGED CARGO TRANSPORT

Safe and reliable transportation of bagged products and commodities.

## INDUSTRIAL CARGO

Transportation support for industrial materials, supplies and products.

## AGRICULTURAL COMMODITY

Transportation of agricultural products, inputs and related commodities.

## CONSTRUCTION MATERIALS

Movement of construction-related materials to project sites and other destinations.

## DISTRIBUTION TRANSPORT

Supporting businesses moving commodities from production or storage facilities to customers and distribution points.

# National Wide Coverage

# Africa Wide Coverage

# Why Bulk & Bagged Transport?

**When your cargo moves, your business moves.**

Bulk and bagged commodities are often time-sensitive and volume-dependent.

A delay can affect:

**Production → Distribution → Sales → Customers**

Our role is to provide the transportation link that keeps these chains moving.

## OUR OPERATIONAL APPROACH

### FROM LOADING TO DELIVERY

**01 — PLAN**
We understand the cargo, destination, schedule and transportation requirements.

**02 — PREPARE**
Transportation resources are coordinated around the assignment.

**03 — LOAD**
Cargo is handled responsibly according to its transportation requirements.

**04 — TRANSPORT**
Cargo is moved safely and efficiently toward its destination.

**05 — COMMUNICATE**
Clear communication helps clients remain informed throughout the assignment.

**06 — DELIVER**
The objective is simple: get the cargo where it needs to go.

# SAFETY & CARGO SECURITY

PROTECTING WHAT WE TRANSPORT

Safety is fundamental to responsible transportation.

**Our approach focuses on:**

- Responsible driving
- Journey planning
- Vehicle readiness
- Driver responsibility
- Preventive maintenance
- Operational communication
- Proper cargo handling
- Compliance with applicable requirements
- Load security

# OUR FLEET EQUIPPED TO MOVE

Our fleet strategy is focused on developing dependable transportation capacity suitable for bulk and bagged cargo requirements.

Lift and Shift Trucking

OPERATIONS

# TECHNOLOGY & VISIBILITY

## SMARTER LOGISTICS. BETTER VISIBILITY.

Modern bulk transportation requires visibility and coordination.
We recognise the role technology can play in improving:

- Fleet management
- Vehicle tracking
- Route planning
- Delivery monitoring
- Driver communication
- Maintenance scheduling
- Digital documentation
- Operational reporting

OUR COMMITMENT

# RELIABILITY IS OUR BUSINESS

Our commitment to clients is built around five principles:

05

### RELIABLE

We work to deliver dependable transportation services.

### SAFE

We prioritise responsible transportation and cargo handling.

### EFFICIENT

We seek practical ways to optimise transportation operations.

### PROFESSIONAL

We maintain professional communication and service standards.

### ACCOUNTABLE

We take responsibility for the transportation assignments entrusted to us.
